GOOD FAITH ESTIMATE

Patient Name:	
Patient Date of Birth:	
Patient Address:	
Patient Phone #:	Patient Email:
Patient Diagnosis (if known/applicable): N/A	
IMPORTANT: A formal diagnosis may occur after a diagnostic assessment has been completed. Your therapist will discuss, as relevant, diagnosis(es) as applicable to treatment.	

Effective January 1, 2022, a ruling went into effect called the “No Surprises Act,” which requires mental health practitioners to provide a “Good Faith Estimate” (GFE) about out-of-network care to any patient who is uninsured or who insured but does not plan to use their insurance benefits to pay for health care items and/ or services.

The Good Faith Estimate works to show the cost of items and services that are reasonable expected for your mental health care needs for an item or service. The estimate is based on information known at the time the estimate was created. The Good Faith Estimate does not include any unknown or unexpected costs that may arise during treatment.

You are entitled to receive this “Good Faith Estimate” of what the charges could be for psychotherapy services provided to you. While it is not possible for a psychotherapist to know, in advance, how many psychotherapy sessions may be necessary or appropriate for a given person upon the initiation of psychotherapy, this form provides an estimate of the cost of services provided. Your total cost of services will depend upon the number of psychotherapy sessions you attend, your individual circumstances, and the type and amount of services that are provided to you. This estimate is not a contract and does not obligate you to obtain any services from the provider(s) listed, nor does it include any services rendered to you that are not identified here.

Good Faith Estimate

This Good Faith Estimate is not intended to serve as a recommendation for treatment or a prediction that you may need to attend a specified number of psychotherapy visits. The number of visits that are appropriate in your case, and the estimated cost for those services, depends on your needs and what you agree to in consultation with your therapist. You are entitled to disagree with any recommendations made to you concerning your treatment and you may discontinue treatment at any time.

The one-time fee for an initial diagnostic assessment is **\$175 (CPT Code 90791)**.

Beyond this, the fee for subsequent counseling sessions (in-person or via telehealth), depending on the time parameters set forth below is between \$120-\$150. Most clients will attend one psychotherapy visit per week, but the frequency of psychotherapy visits that are appropriate in your case may be more or less than once per week, depending upon your individual needs and preference. It is also important, when determining your total estimate, to take into consideration vacations, holidays, emergencies, and sick time.

Subsequent Counseling Sessions; not exceeding 55 minutes: \$150.00 (CPT Code 90837)

Subsequent Counseling Sessions; not exceeding; 45 minutes: \$120.00 (CPT Code 90834)

You may project any potential future cost(s) by multiplying the session fee of **\$120-\$150** by the total number of sessions. This will result in your total estimated cost for mental health service(s).

In example, \$150 session fee X 4 sessions = \$600.

If you attend therapy for a longer period, your total estimated charges will increase according to the number of visits and length of treatment.

Blue Ridge Psychological Center recognizes every client's therapy journey is unique. How long you need to engage in therapy and how often you attend sessions will be influenced by many factors including:

- Your schedule and life circumstances
- Therapist availability
- Ongoing life challenges
- The nature of your specific challenges and how you address them
- Personal finances

You and your therapist will continually assess the appropriate frequency of therapy and will work together to determine when you have met your goals and are ready for discharge and/or a new "Good Faith Estimate" will be issued should the frequency of session(s) or needs change. As related, you may request a new GFE at any time in writing during your treatment.

Good Faith Estimate Disclaimer:
